

CISPRI'S CAPABILITIES

COOK INLET HARBOR SAFETY COMMITTEE

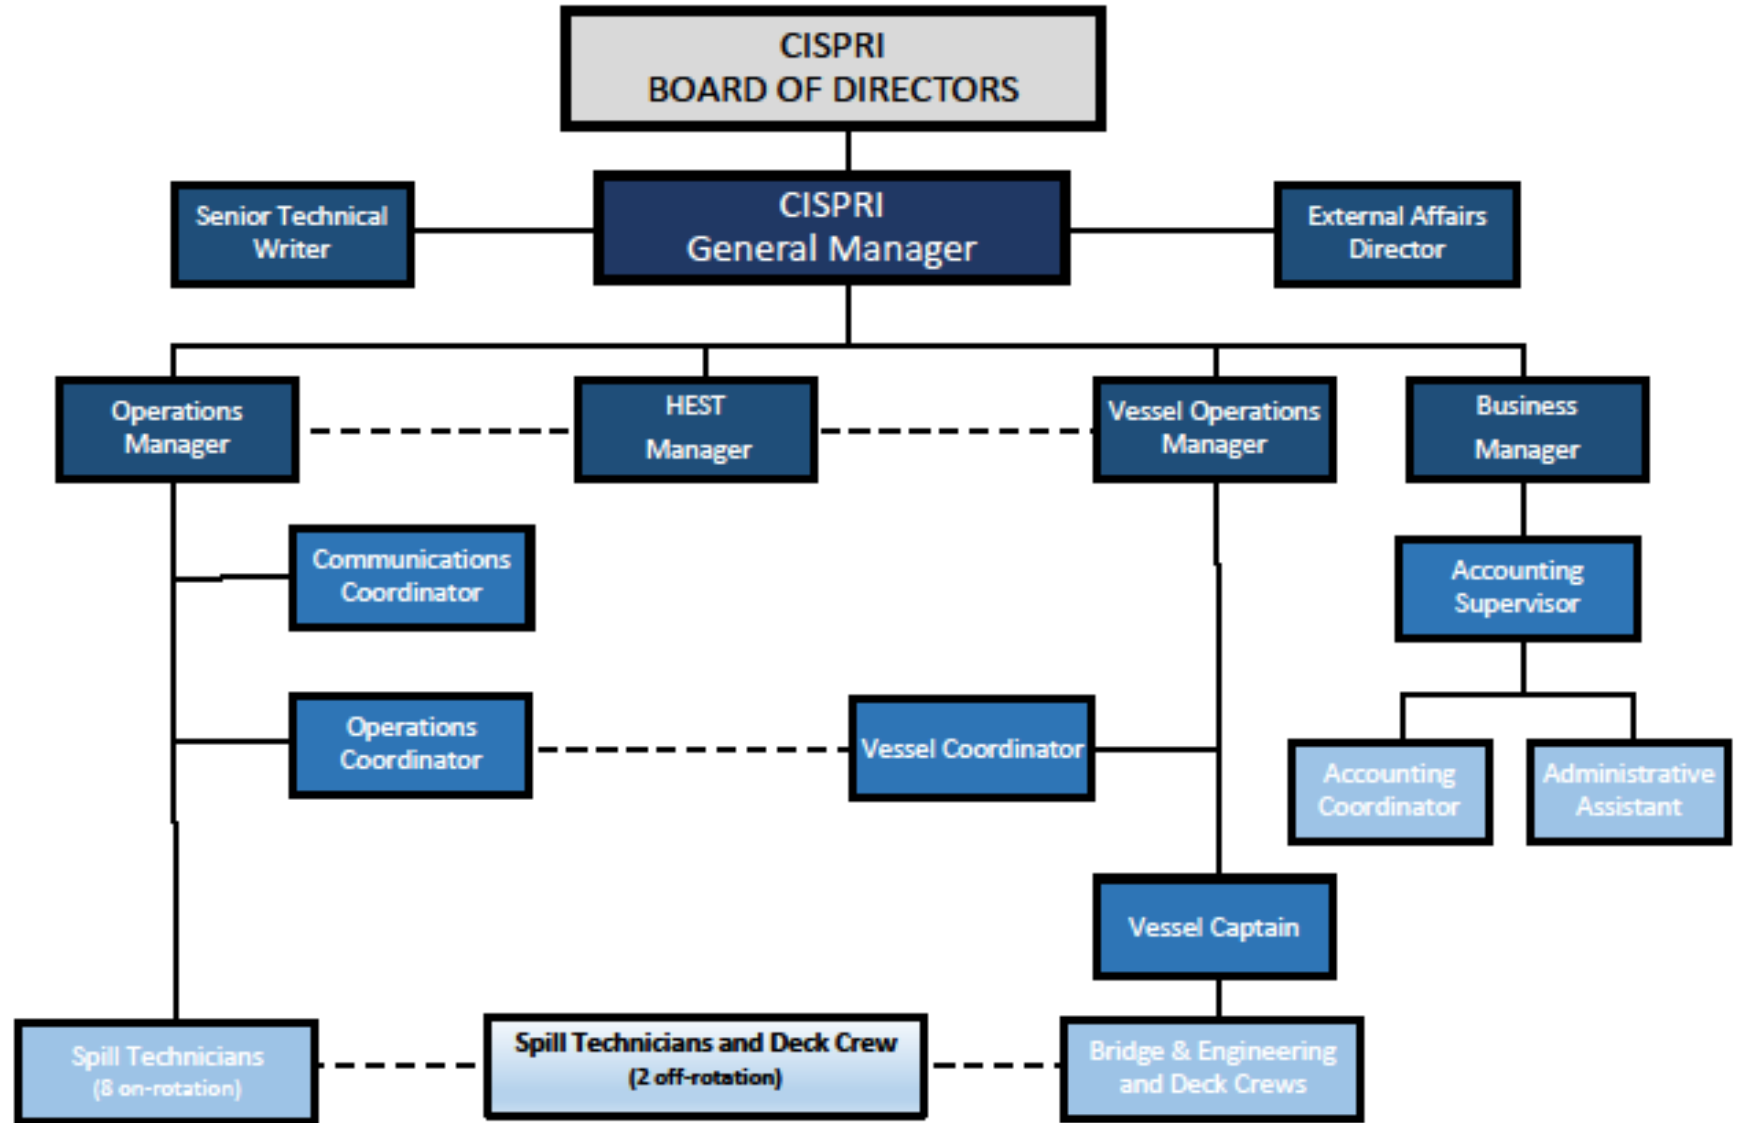

SEPTEMBER 19, 2024

WHO IS CISPRI

- Cook Inlet Spill Prevention and Response, Inc. (CISPRI) is a member-owned cooperative providing oil spill planning, training, and response services to our Member companies operating throughout the CISPRI Response Zone.
- USCG-certified WCD Tier III Oil Spill Removal Organization (OSRO) who meets National Planning Criteria within the CISPRI Response Zone
- State of Alaska - Registered Response Action Contractor (PRAC)
- 43 full-time employees
- Governed by our Board of Directors and managed by the CISPRI Management Team.

ORG CHART

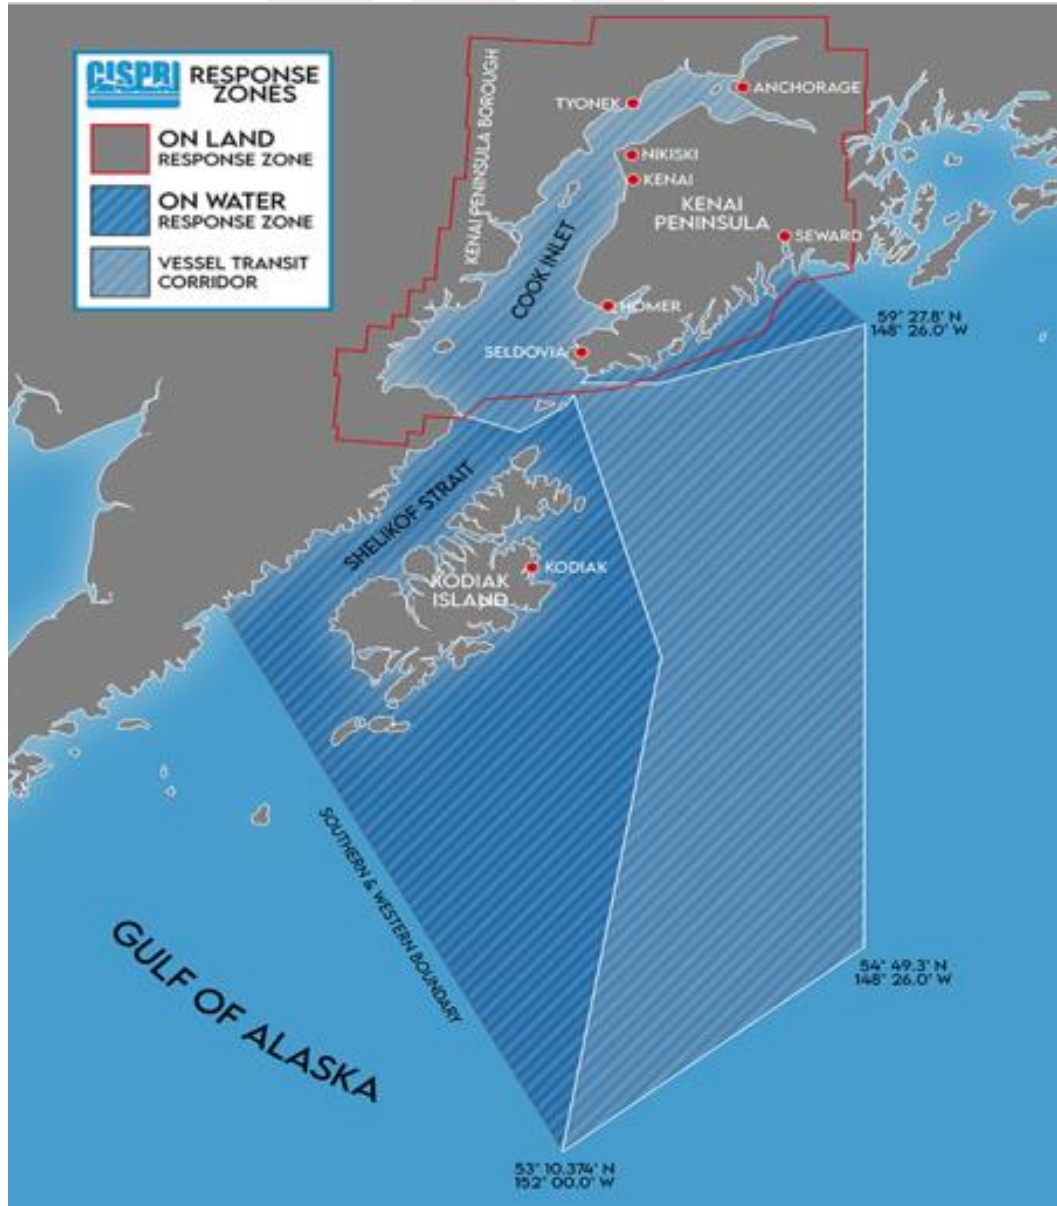

MISSION STATEMENT

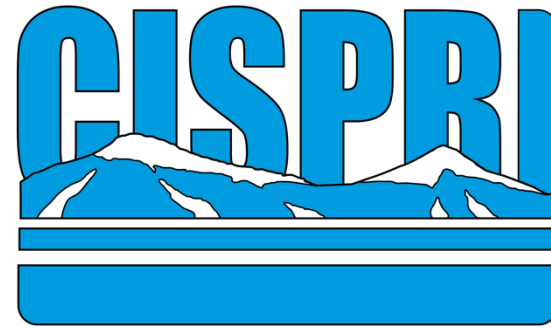

The CISPRI Team will provide our Member companies with the most professional, cost-effective contingency plan assistance and spill removal possible. CISPRI personnel will continuously strive toward quality improvements to satisfy evolving expectations and requirements of our Member companies, governmental agencies and the general public.

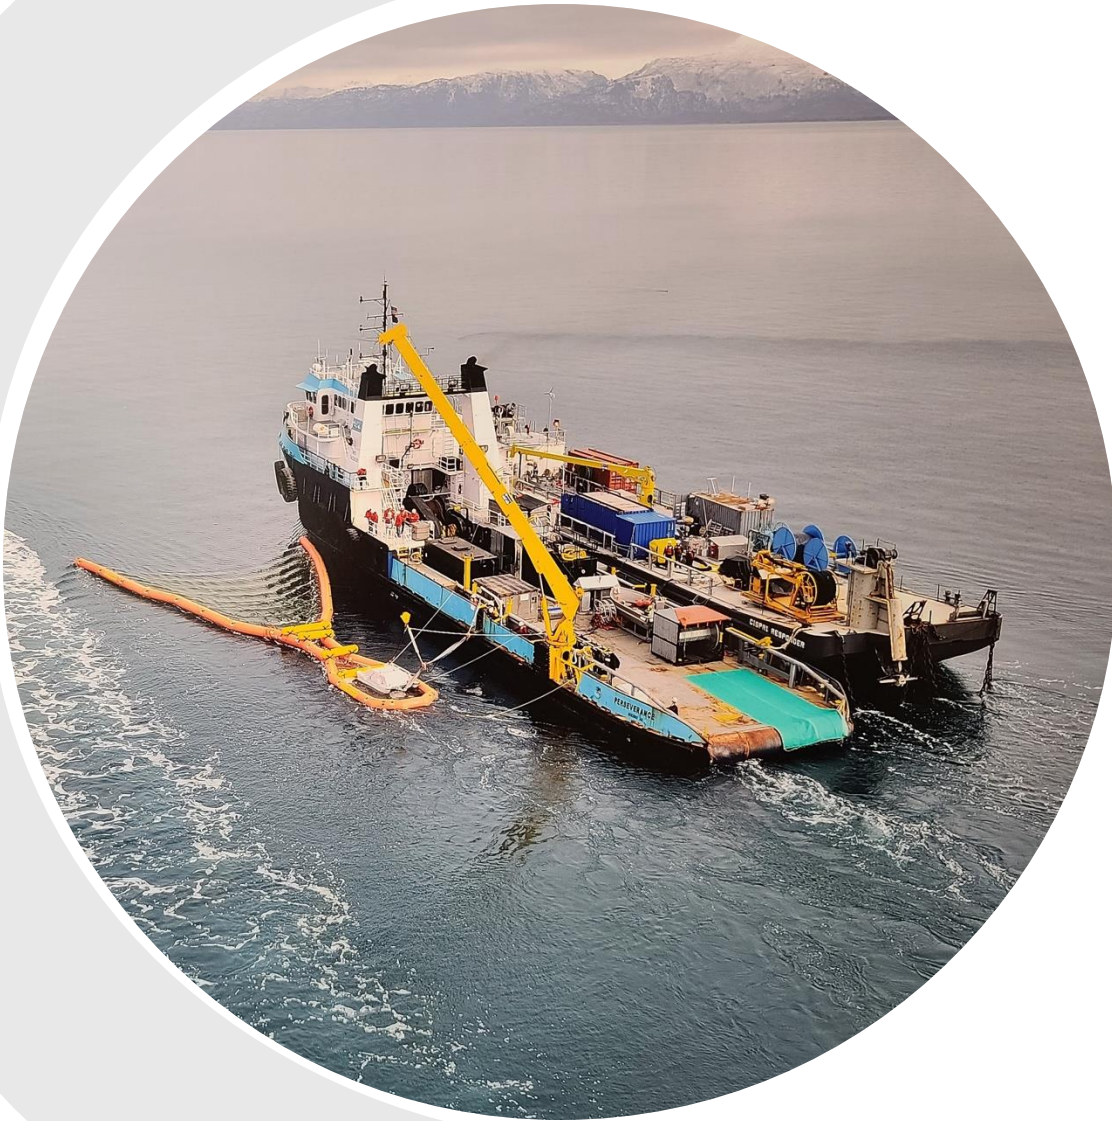

CISPRI Response Zone

- OSRO coverage for South Central Alaska
- Expanded coverage zone

CISPRI VESSELS

OSRV PERSEVERANCE

- Vessel Specification
 - 208 ft.
 - Ice class hull
 - 5750 HP
 - 80 Ton bollard pull
 - Fitz Culver tow winch
 - 20 ft. 330 HP Jet Skiff
- Spill Response Capabilities
 - Crucial 13-30 skimmer
 - Outrigger and skirt
 - 2500 BBL temporary storage
 - Current Buster 2
 - Offshore Boom

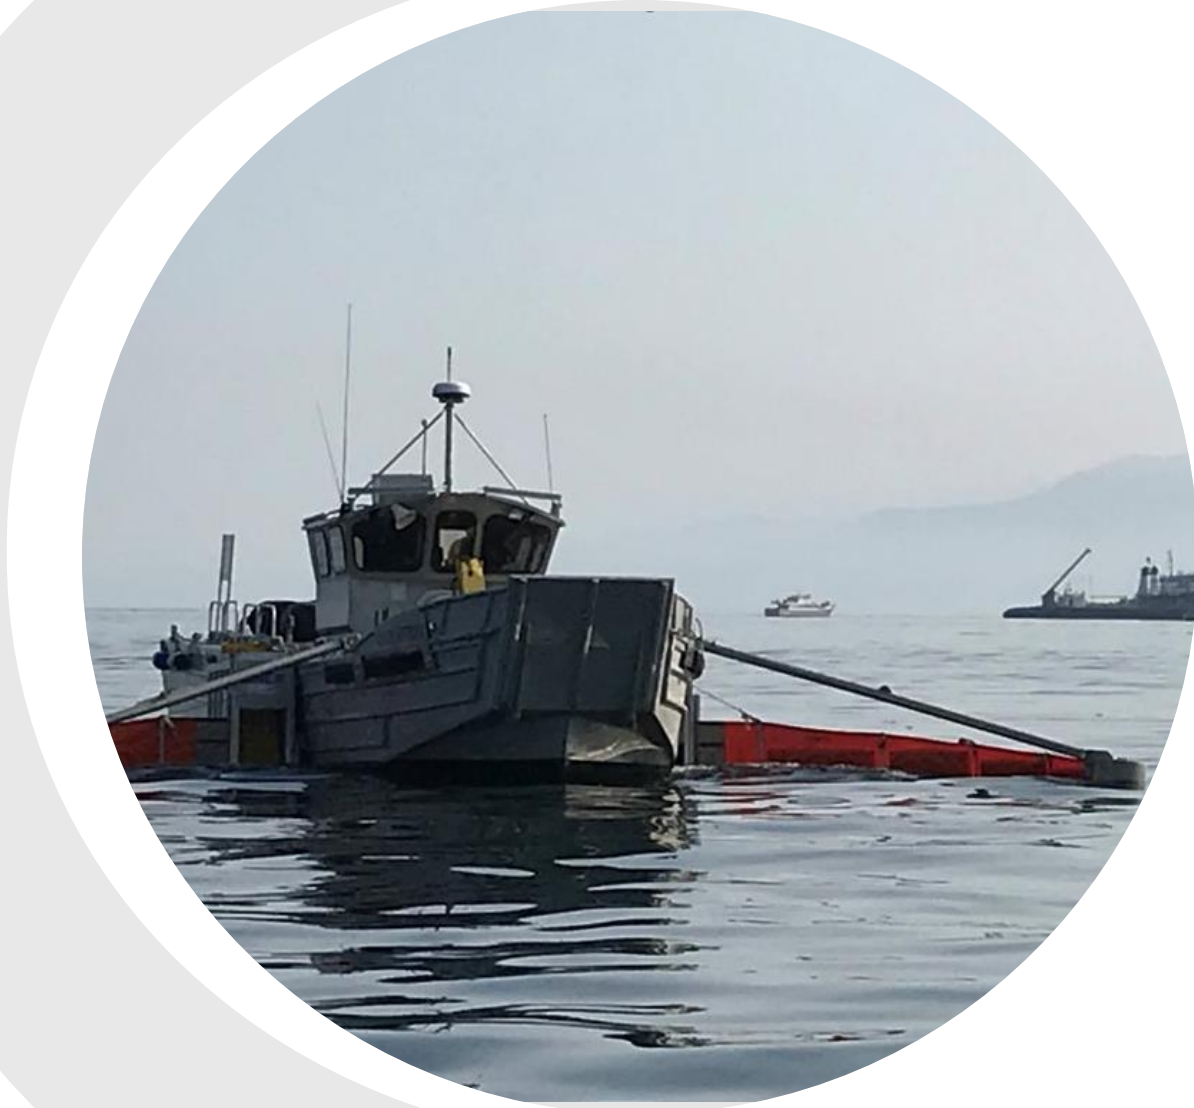

OSRV ENDEAVOR

- Vessel Specifications
 - 180 ft.
 - Ice strengthened hull
 - 3000 HP
 - Tow winch
 - 20 ft. 330 HP Jet Skiff
- Spill Response Capabilities
 - Crucial 13-30 skimmer
 - Outrigger and skirt
 - 2500 BBL temporary storage
 - Current Buster 2
 - Offshore boom

Cook Inlet Responder Vessels

- CISPRI owns 6
- Vessel Specifications
 - 34 ft. Kvichak vessels
 - Twin 350 HP 5.9L Cummins
 - 8k generator
 - Towing bitt
 - Capstan
 - Hydraulic Anchor Winch
 - (3) Single-point lifting mechanism
 - Crane
 - Shipboard hydraulics
- Spill Response Gear
 - Crucial 13-30 disk skimmer
 - Vogelsang pump
 - Outrigger and skirt

L/C Resolution

- Vessel Specifications
 - 45 ft. Bruin landing craft
 - Twin Cat C7
 - Towing bitt
 - Crane
 - Shipboard hydraulics
- Spill Response Gear
 - (2) Lori Brush Front Collectors
 - Outriggers and skirts

MISC VESSELS

SEAL/TERN

- CISPRI owns 2
- 34 ft. Bruin landing craft
- Twin 225 HP Suzuki outboards
- Towing bitt

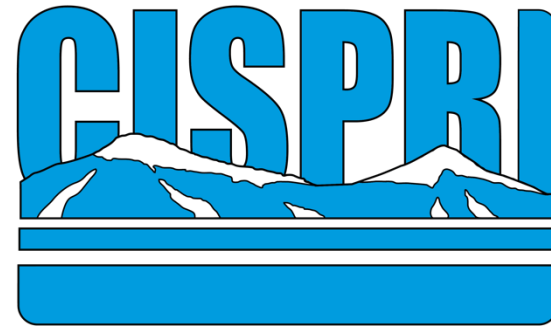

JET SKIFFS

- CISPRI owns 4
- 20 ft. Bayweld Jet Skiff
- 330 HP John Deere engine
- Tractor Jet propulsion
- Towing bitt

OPEN SKIFFS/ JON BOATS

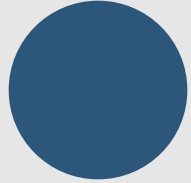

CISPRI has many open skiffs that can be used in shallow water and for GRS deployments

SKIMMING CAPACITY

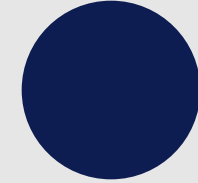

CRUCIAL DISK SKIMMERS

CRUCIAL 56-30

- CISPRI owns 3
- Stored on offshore barges
- Nameplate Recovery Rate: 707 BPH

CRUCIAL 13-30

- CISPRI owns 10
- Stored on response vessels and in VOSS kits
- Nameplate Recovery Rate: 157 BPH

OTHER SKIMMERS

CRUCIAL DRUM

- CISPRI owns 2
- Nameplate Recovery Rate: 80 BPH

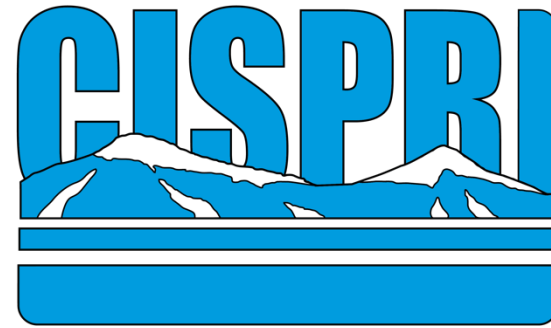

LORI BRUSH

- CISPRI own 2
- Stored on the Resolution
- Nameplate Recovery Rate: 130 BPH

INLAND SKIMMERS

CISPRI maintains many inland skimmers in our Inland Response Packages available for rapid deployment

TEMPORARY STORAGE

141 BARGE

- Barge Specifications
 - 257 ft. x 68 ft.
 - 59,421 BBL capacity
 - Shipboard hydraulics
 - Deck crane
- Spill Response Gear
 - Crucial 56-30
 - Current Buster
 - Lightering equipment
 - Offshore boom
 - Nearshore boom

RESPONDER BARGE

- Barge Specifications
 - 168 ft. x 40 ft.
 - 12,405 BBL capacity
 - Shipboard hydraulics
 - Deck crane
- Spill Response Gear
 - Crucial 56-30
 - Current Buster
 - Unitor bladder
 - Lightering equipment
 - Offshore boom

JOVALAN BARGE

- Barge Specification
 - 300 ft. x 68 ft.
 - 70,000 BBL capacity
 - Deck crane

REDOUBT BARGE

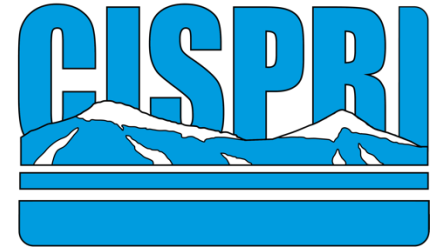

- 316 ft. x 74 ft.
- 80,000 BBL capacity
- Deck crane

OTHER STORAGE

SMALL BARGES AND BLADDERS

INLAND STORAGE

SUPPORT EQUIPMENT

Boom

- CISPRI maintains quantities of boom to meet the requirements of our WCD Tier III classification
- Buster Technology

SUPPORT EQUIPMENT

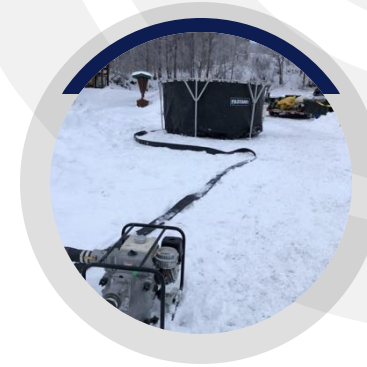

DISPERSANTE

- Corexit EC9500A
- 13,310 Gallons stored across our response zone
- CISPRI maintains 3 Helicopter Spray Systems

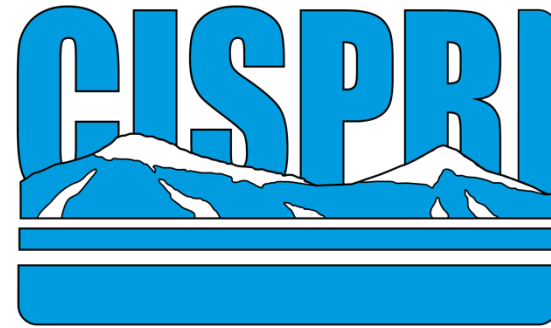

IN-SITU BURNING

CISPRI owns 4 Heli-torches

INLAND EQUIPMENT

CISPRI has a variety of inland response equipment prepackaged into containers and trailers for rapid deployment

CONTRACT FISHING VESSEL PROGRAM

CONTRACT FISHING VESSEL FLEET

- 70 vessels
- Primary and Secondary fleet

Test Tank

- This facility was designed to perform ASTM F2709 skimmer testing
- Covered open air facility
- 25' x 25' x 4' painted steel tank.
- The tank sits within a heated curbed concrete slab engineered to support the weight of the tank and fluids as well as act as secondary containment.
- Total of 7 calibrated measurement tanks configured as per ASTM F2709.
- 3 on-slab oil storage tanks hold fresh crude, used crude, or emulsified crude.

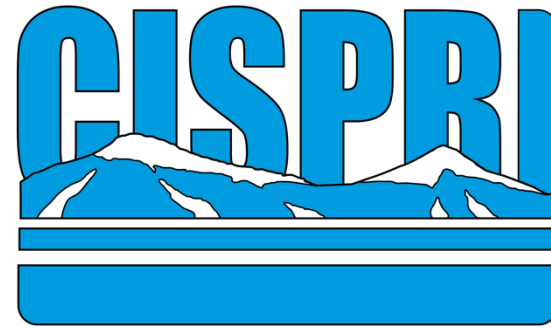

Sea Otter Rehabilitation Center

- Located in Seldovia
- A modular center that was constructed in 1991
- CISPRI permanently installed the center in Seldovia
- Alaska Sea Life Center is contracted to provide professional services to support facility operations and training

RESPONSE PARTNERS

ASLC

- Contracted to provide services to rehabilitate marine mammals and support our SORC facility.

IBR

- Retained to rehabilitate avian species affected in an event

Member Immediate Response Teams (IRT)

- Marathon Petroleum Corp. employees
- Trained in:
 - Vessel operations
 - Vessel mounted skimming systems
 - Boom deployment and towing
 - Cold Water Deluge System

SNRT Labor Contracts

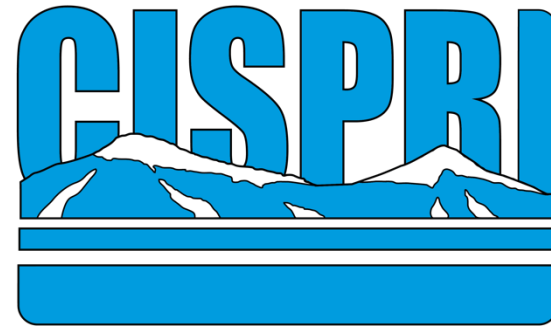

- Short Notice Response Technician
- CISPRI maintains contracts with Republic Services, CCI and PENCO to provide skilled labor on short notice.
- We train with SNRTs regularly on everything from vessel operations to inland spill response.

1-Call Alaska

CISPRI has partnered with 1-Call Alaska to provide equipment to support 1-Call AK's Southwest Alaska Alternative Planning Criteria (APC) Plan

The CISPRI equipment listed as part of this partnership is above and beyond the planning standards to keep our Members compliant in Cook Inlet.

TRAINING

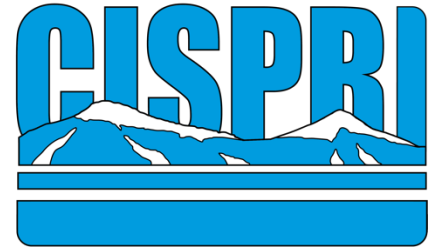

CISPRI Training

- CISPRI holds weekly training events to keep our staff refreshed and keep our Members compliant
- Most trainings are open to our Member companies, agency participation and our SNRT contractors
- Trainings encompass all of our CISPRI Technical Manual tactics and regulatory requirements
- We try to include at least one GRS that has not been validated annually

2024 PROJECTS

- PARC Buildout – CISPRI’s Port of Alaska Response Center.
 - We took over the lease of the property.
 - Improvements are intended to provide covered storage for the response assets kept in the Anchorage area and an office area for employees.
- Jovalan Barge Drydock – 75,000bbl lightering barge
- Member Drills
 - We have supported 3 members in their tabletop drills, with 1 more on the schedule this year.
- New Crucial 13-30 Skimmers
 - To better support our contract fishing vessel fleet
- Fall Deployment

THANK YOU
